GERMANY WILL MAKE A PLUNGE

Inaction of Both Armies Due to Fatigue of Past Three Days.

LOSSES APPALLING

Belgian Troops, Rendered Desperate by Burning of Louvain, Are Moving Towards Brussels.

Paris, August 29.—Germany is gathering her complete strength for another herculean effort to penetrate the allied lines and open a wide avenue for an advance on Paris. War office advices from the north and the northeast all point to this movement being attempted at no less than three points.

The German forces appear to have slackened their march, the war office says. The apparent inaction of both armies for the last few hours is due to the frightful exhaustion of both sides, which have been fighting furiously for nine days.

The losses of both armies, reports today show, are appalling, particularly those of the Germans. A German prisoner says that two of the Kaiser's regiments, the One Hundred and Twelfth and One Hundred and Forty-second, lost so heavily that they were made into one, and of that, only sixty men now remain.

While unable to check the grinding advance of the Kaiser's army, the lines of the allies, forced back, restormed, and, according to last announcemnt from the war office, the conditions are no worse. Paris is once again optimistic over prospect of the French and English troops being able to halt the German's victorious advance onto their capital.

The exhausted German troops which have been leading the general assaults, now in progress or more than a week, are being replaced with fresh. The regiments decimated by the French fire have had their ranks filledu p. Just when they will strike only the German general staff knows, but already indications of renewed activity have been reported to General Joffre by the French aerial scouts.

Meanwhile the German flanks and lines of communication are again in danger. Rendered desperate by the reports of the wanton burning of Louvain, with the destruction of its historic buildings and priceless arts treasures, the Belgian army has left Antwerp and is moving in force towards Brussels. It is reported here that it has been materialy reinforced and that it will co-operate with an English force from Ostend.

This latter, it is rumored, may include the native Indian forces sent by England from her Eastern empire, although all requests for details of troop locations are sternly frowned on by the war office. It is known, however, that the general staff expects important developments in Belgium which will entirely change the general outlook of the present campaign.

WAR CUTS CANAL RECEIPTS.

Tolls for First Week Only $15,000, Less Than Expenses.

Washington, August 29.—As a direct result of war in France receipts from the operation of the Panama Canal have failed to pay the expenses of the great waterway. Tolls during the first week of traffic in the canal amounted to only about $15,000. That was not enough to pay operating expenses, much less meet the interest payment on the vast capital invested.

Prof. Emory Johnson estimated that the receipts from tolls at the end of the first two years would be about $20,000,000 or $25,000,000.

Canal officials, however, are confident that there will be a big increase in business as soon as the trade routes are re-established and interference with commerce disappears through some decisive victory in the war. Also it is anticipated that a great fleet of vessels under American and other neutral flags will soon be passing through the waterway to handle the west coast trade of South America, so that the balance will soon be on the right side of the canals ledger.

NEWS OF THE DAY.

Official dispatches to the State Department from Antwerp last night told of the firing of several buildings in the Belgian city of Louvain by the invading Germans. A gothic temple, the public hall, city library, and other buildings were destroyed, the ruins reported.

A dispatch from St. Petersburg to the London Post says the Russian chambers will be summoned in November to ratify acts of high state importance. This is interpreted to mean a realization of the promise to unite all Polanders under the Russian flag.

The Secretary of State yesterday cabled all American embassies and legations in Europe to urge Americans to leave Europe without delay.

A dispatch from Vienna says that Austria has declared war on Belgium. The Austrian declaration of war, according to this dispatch, was accompanied by the explanation that Austria was going to war because the Belgians were giving assistance to England and France.

Canadian military authorities in the Winnipeg district have learned that Germans in large numbers in Minneapolis, St. Paul, Milwaukee, Detroit, and other United States cities have been making a move to collect a war force to invade Canada if the opportunity arrives.

Belgian officer, arrived in Paris, asserts that 200,000 Germans have fallen in the fighting in Belgium alone.

Official announcement was made by the government press bureau in London yesterday afternoon to the effect that Japan has established a blockade over the coast of the German leasehold, Kiaochow, in China. The commander of the first Japanese squadron has reported to the navy department that his torpedo flotilla ran into a typhoon. Th boats were scattered, and five men lost their lives as a result of the storm.

Four persons were killed and three others probably fataly injured yesterday near Savoie, La., when gasoline in a tank car of the New Orleans, Texas and Mexico Railroad, exploded. The explosion occurred several hours after the tank car had been derailed in a wreck.

Charles Ruoff shot and killed himself and his one-time sweetheart, Emma Russell, a nurse, in New York yesterday. Tenants in the apartment house said Ruoff was to have married her a year ago, but a day or so before the date set married another woman. Later he told Miss Russell he had divorced his wife and renewed his suit.

Louvain was sacked and burned Wednesday night by the Germans, and a great part of its people were massacred, including women, children, and clergy. Their nationality did not save them. English and American clerymen alike were slain. All the noble public buildings, including the town hall, library and university were destroyed.

The London Standard's correspondent at Rosendaal, Holland, describing the fighting at Esneux, says that in the trenches and streets the corpses lay on top of each other. One woman who pretended to belong to the Red Cross was found with fourteen fingers bearing gold and diamond rings which had been cut from the bodies of the dead. She was immediately ordered to be shot.

Antoine de Zwan, the Polish author, has sent the following telegram to the London Spectator: "The mobilization was carried on in Warsaw with indescribable enthusiasm. For the first time since the partition of Poland our peasants took an active part in a national movement. There are more than 400,000 Poles in the Russian army."

The King of Belgium has appointed a commission of three envoys extraordinary, headed by Minister of State Vandervelde, the famous Socialist deputy, to sail from England on Sunday for the United States to lay facts regarding German atrocities before the President and the American government.

AWFUL CARNAGE IS REPORTED

French Artillery Said to be Butchering Whole Bodies of Germans.

REGIMENTS FALLING

Tremendous Heaviness of Fire Said to Place One Dead Soldier Upon Every Yard of Ground.

Paris, August 29.—Official reports of the situation are considered satisfactory as showing strategy of the allies, which, on the whole, has been directed towards stopping the rush of German masses of troops across the northern frontier, and thus preventing the return of the chief mass of the German forces to cope with the advancing Russian armies which are now penetrating Germany via Prussia.

That this policy is succeeding is partly proved by the carnage which was revaled in the official announcement this morning. This stated that during five days in succession more than 6,000 German dead were found in an alignment of five hundred kilometers, or in other words, a dead soldier for every yard of ground.

Much of this deadly work was due to the French artillery, which is reported as butchering rather than killing whole bodies of the Germans. Vichy, with its huge military hospital and its thirty hotels, which have been turned into hospitals, is one of the principal ambulance centers. The others are in the towns of the beautiful chateau country like Chartres and Angoulem, or are scattered in different provinces like Nantes, Bourges, Agon and Dax. The nearest large center to Paris for wounded is at Versailles.

On trains bringing in wounded the blinds are kept down as they pass troop trains, so as not to discourage the soldiers bound for the front.

One wounded soldier in a hospital at Chartres, who was struck by three bullets, had the courage to extract one of them with his knife.

All reports agree that the attack of French chasseurs in the D'Afrique on the Kaiser's Prussian guards was magnificent.

Semi-official informaion from the front states that the German troops are suffering from fatigue and also from a shortage of food. Prisoners state that the entire army has been greatly surprised by the stiffness of the French resistance.

All captured German officers say it is a horrible, terrible war, and that the German losses are enormous. Out of two regimnts—the One Hundred and Twelfth and One Hundred and Forty-second Infantry—only sixty men were left after one engagement. All reports indicate the tremendous heaviness of the fire and say the murderous results have been of unprecendented proportions.

A fund is being raised in St. Petersburg for the first Russian soldier who enters Berlin. Patriots are subscribing from $500 to 50 cents.

The Long Island Railroad's heavy Amagansett express crashed into an automobile containing four persons near Hempstead, N, Y., yesterday killing all of them, and carrying three of the bodies on the front of the locomotive for a half mile.

DISORDER IN NORFOLK.

Conductor of Street Car Shoots Into Crowd of Negroes.

Norfolk, Va., August 29.—A crowd of several hundred negroes, members of the visiting colored Elks and residents of the uptown section of the city, collected at the second precinct police station Thursday night after Charles E. Savage, Jr., conductor of car 2006 of the Brambleton division of the Virginan Railway and Power Company, had been arrested by Patrolman East on a charge of feloniously shooting two colored men, members of a mob which had attacked the car at Queen and Brewer streets.

They were prevented from entering the station by Captain Ford, Sergeant Brennan and several officers, who closed the doors of the station, while the cooler heads of the crowd told the mob that the law would take care of the man. A number of passengers had narrow escapes from inury by falling glass when cars 2006 and 2000, both of the Brambleton line, were attacked by the mob of negroes.

Car 2006 was attacked twice by the angry crowd, once at Queen and Brewer streets and the second time on Queen near Church street, while car 2000 was attacked at Charlotte and Bank streets. Rocks and stones wer thrown into the cars, breaking the glass and narrowly missing the heads of several passengers.

The riot is said to have been caused by car 2006 trying to turn into Brewer street from Queen while the members of the Baltimore Elks were holding a nightcap parade.

MANY OBSTACLES IN RUSSIA'S WAY

Germans Greatly Multiply Difficulties in East Prussia.

GERMANS IN RETREAT.

Fling Away Their Arms and Ammunition, and Even Their Food in Retreating from Invaders.

London, August 29.—The St. Petersburg correspondent of the Posa describes the difficulties nature has placed in the way of the Russian advance in East Prussia, and says the Germans have enormously multiplied those difficulties by a modern adaption of the age-old methods. Lakelets and marshes were sown with rifle pits, and wherever practicable redoubts of felled timber were placed. Everywhere there are formidable wire entanglemnts.

"We have no exact information," the correspondent continues, "of how many army corps Germany left to oppose the Russian advance. Perhaps there were seven, and possibly only five. Whatever their number, three are retreating under cover of the fortress of Konigsbery, and one is in full flight on Osterode.

"All four flung away in retreat their arms and ammunition and even their food.

"The Russian armies, by forced marches, have driven a wedge between the German forces. So demoralizing was the Russian commander's strategy that the German force abandoned their entrnched position on the Angerapp without a fight.

"The authorities of East Prussia have caught the panicky feeling from Germany's armies. It is reported that the commander of Marienberg has ordered the inhabitants to evacuate the country, while at Elbing the sluices were opened with the object of flooding the country to prevent the Russian advance. These are methods of despair, and indicate pretty certainly that Germany has no no more trained troops to oppose the Russians.

"With the true eyes for strategy which mark the born commander of men, Grand Duke Nicholas has abandoned to its fate everything everywhere which did not lend itself to the attainment of a single aim of locating, attacking and crushing the enemy's main force. In accordance with this policy, quite half of Poland was left bare of Russian troops, and all public servants of Russia's state were warned to quit betimes when the Germans advanced."

SPLITS OWN JAW.

Snaps Off as Town Champion Lifts Heavy Sack Weighing 200 Pounds.

Pottstown, Pa., August 29.—Joseph Laus, of this place, who gives exhibitions to his friends of the iron strength of his teeth by lifting heavy weights, had an odd experience in lifting a sack weighing 200 pounds in this manner. Suddenly his jawbone snapped off, a portion of the front bone, with five teeth, coming out.

Surgeons have replaced the broken bone, backing it up with an interdental splint to keep it accurately in place.

Losing his balance while riding on the bumpers of a train of the Maryland and Pennsylvania Railroad near Baltimore, John A. Thompson, a conductor for the railroad company, fell between two cars and was run over and crushed to death yesterday.

Boy Caught Under Cars Killed

Lynchburg, August 29.—Raymond McCully aged 16, water boy at the iron furnace at Requesnce, of the Orisany Iron and Ore Corporation, while sitting on a trestle there yesterday morning, between two cars, was run over and killed when an engine backed against the cars.

NO OFFICIALS IN DANGER

Bombs Dropped by Zeppelin Near Them in Antwerp.

Official advices to United States government confirmed yesterday the dropping of eight bombs in the city of Antwerp by a German Zeppelin, killing many women and children. Diplomatic representatives of several neutral governments had narrow escapes.

The bombs were aimed at the royal palace, it is stated, but struck the royal military hospital, filled with wounded, and demolished several private dwellings in the early hours of the morning of August 26, while the city was asleep.

It is said the bombs contained shrapnel. Several diplomats, including one of the secretaries of the American legation, were stopping at a hotel less than 200 yards from the point where one of the bombs wrought its destruction.

Washington officials said that if American Minister Whitlock had sent a protest to the German government against the dropping of bombs, the fact had not been communicated here.

$475,000 READY FOR PENSIONS.

13,000 Checks Will Be Placed in the Mails Next Tuesday Morning.

Richmond, August 9.—Auditor C. Lee Moore will next Tuesday morning deposit in mails checks for $$476,000, that being the amount of the pension payments for the month of September.

Th checks are ready to be placed in the mails. They will be mailed to all persons on the lists. They will not be delivered at the office of the auditor.

There are approximately 13,000 of the people of the State who will get this money, the sums ranging from $28.80 for plain claims of infirmity to $180 for total disability. There are few of the latter in the State.

The pensioners are passing away very rapidly, and each year there is a great change in the persons on the list. There are new applicants all the time, and while the list is shrinking very fast so far as those drawing pensions at this time is concerned, the additions are sufficient to keep the total up to considerable proportions.

CHINA IS READY FOR REVOLUTION

Massacres in Celestial Republic Prelude to Insurrection.

NO QUARTER IS SHOWN

Brigandage Rampant—Between 15,000 and 20,000 Troops in Field After Murderous Outlaws.

Shanghai, August 29.—Conditions of disorder in interior China such as did not characterize even in the revolutionary period preceding the Manchus' overthrow two and a half years ago were reported today by foreigners who arrived there from Hankow and other up-country points.

Throughout Honon, Hupeh, Shansi, Szechuan, and Anhwei provinces, they said brigandage is rampant on such a scale that cities even of 200,000 and 300,000 population are unsafe from attack. Scores of smaller towns have been sacked. Frightful massacres have been perpetrated and loot worth millions has been carried off.

Bodies of troops aggregating 20,000 and 26,000 in number are in the field against the outlaws, and there have been dozens of skirmishes and a few tolerably respectable battles, in which the bandits have held their own as often as they have been defeated. No quarter is shown on either side, the victors invairably beheading their prisoners, and in some cases torturing before killing them.

Opponents of the President Yuan Shi Kai's government are said unquestionably to be necouraging the bandits' activity, to be supplying quantities of arms and ammunition, and to be doing their utmost to weld the numerous bands into a single force for another revolution.

In southern China revolutionary agents are busy in vicinity of Canton and piracy on the West River has reached such proportions that even foreign shipping is endangered.

SUIT FOR DIVORCE.

Army Officer Charges Wife with Misconduct.

Annapolis, Md., August 29.—Alleging misconduct on her part, Captain J. E. Abbott, U. S. A., has filed suit in the Anne Arundel Court for absolute divorce from his wife, who, before her marriage, was Miss Caroline Smith, daughter of Thomas W. Smith, a wealthy merchant of Washington, D. C.

The marriage of the couple in Washington, August 10, 1908, was a social event of the summer season. Mr. Smith is now Mayor of Arundel, the fashionable summer resort on the bay, near Annapolis, where many prominent Washington people have summer homes.

Captain Abbott's home is at Annapolis where his family have been prominent since colonial days.

In his bill of complaint he names a brother officer as corespondent.

It is understood here that the War Department has been asked to investigate the conduct of the corespondent, who is a lieutenant now, stationed in Texas.

The papers filed mention specific dates and occasions of alleged misconduct—once on the Southern Pacific train, running into San Antonio, Tex., and another at El Paso, Tex., between June 29, and July 14, of the present year.

Captain and Mrs. Abbott have no children.

RETURN OF THE FIREMEN

Alexandria Boys Arrive on Steamer Southland at Early Hour this Morning.

The members of the Alexandria Fire Department and others who attended the State Firemen's Convention in Portsmouth this week returned home this morning on the Norfolk and Washington steamer Southland. A number of their friends were on the wharf when the steamer emerged from the fog and made her landing. The Alexandrians report having had an enjoyable time.

The members of the association were given a moon light excursion to the capes on Thursday night.

The Alexandrians were assigned places in the first division in the parade yesterday morning.

In electing the official personnel of the association for next year, the following selections were made:

C. H. Hewins, Hampton, senior vice-president.

J. J. Holt, Covington, statistician.

T. J. Williams, Charlottesville, treasurer.

J. E. Glenn, Harrisonburg, secretary.

Rev. C. H. Smith, Richmond, chaplain.

W. K. Stowe, Newport News, chairman of legislative committee.

The association adopted a report transmitted by a committee recommending the organization of a Firemen's Relief Association by the state body, for the assistance of widows and children of the members of the organization. The report provides for the election of a governing board of five, with a secretary and treasurer. The question of appointing the board, was left to a nominating committee of five members. They will be selected later.

The committee was directed to communicate with the companies forming the state association to ascretain their wishes in regard to the men who are to have charge of the relief association.

Shenandoah won the reel race. Question was raised, however, by the Staunton firemen that their team had made a perfect connection, and thereby was entitled to the prize award, though the judges ruled that the Staunton connection was not perfect.

While the Staunton company made better time than the Shenandoah boys, the question was raised as to whether they had made a "bust," a term applied to failure to connect nozzle to their line of hose before the water was turned on.

Other of the participting companies also were below Shenandoah in the matter of time. Harrisonburg finishing in 29 seconds, but they had a "bust," and consequently, had to be counted out of it. Lexington also had a "bust," after reeling off 27 1-2 seconds. The plight of the Covington runners was the same, in exactly the same time.

The time made by the contestants was as follows:

Shenandoah, 32 seconds.
Staunton, 30 1_2 seconds.
Newport News, 40 1-2 seconds.
Harrisonburg, 29 seconds.
Lexington, 27 1-2 seconds.
Luray, 35 1-2 seconds.
Covington, 27 1-2 seconds.

In the band concert the Harrisonburg band was awarded the prize. It played in contest with the Eagle Band of Newport News.

St Rita's Chapel at Mount Ida Nearing Completion

The new building of St. Rita's Chapel of St. Mary's Catholic Church of this city, which is nearing completion at Mt. Ida, will be informally dedicated next week. The exact date has not been decided upon pending the turning over the building to the church authorities by the contractor. The dedicatory services will be conducted by the Rev. H. J. Cutler, pastor of St. Mary's Church. It is expected that the church building will be used for the first time on next Sunday.

The formal dedication will take place on Sunday, October 18th. The Rt. Rev. D. J. O'Connell, bishop of the Diocese of Richmond, assisted by a number of priests from Washington, will conduct the ceremonies.

The new building has been erected at a cost of $10,000. It is built of brick and concrete and is a handsome structure.

GERMAN VESSELS SUNK.

Battleship Cruiser and Destroyer Demolished by British

London, August 29.—Two German cruisers, one of them the Mainz launched in 1910, and the fastest cruiser in the Kaiser's navy, and two destroyers were sunk and one battleship left the scene in flames, and in a sinking condition. The enemy, which had been in hiding since the war began, stole out in a heavy mist at daybreak to attack the British fleet, but the Britons, soon sighted the oncoming Germans, and won the first substantial victory on the sea in the world's greatest war.

MEETING OF ALDERMEN

Upper Board of City Council Adopts Ordinances for Paving on North Lee Street.

At the request of the requisite number of members, President Marbury, of the Board of Aldermen called meeting of that body at one o'clock this afternoon.

The meeting was for the purpose of concurring in the action of the Common Council, which body several weeks ago adopted the report of the Finance and Street Committees recommending the adoption of ordinances providing for the paving with vitrified brick and for granolithic sidewalks on Lee street, from King to Queen, when a sufficient number of signatures of property owners on that thoroughfare shall have been secured. Those interested have signed the contract which provides for the payment by property owners of their quota for work and the lower board having adopted the ordinances the Aldrmen concurred in their action today.

The work will be commenced as soon as possible, and should no unforeseen event occur two more squares of modern paving will have been added to those already in this city before cold weather sets in.

Mr Marbury, who recently removed from the Second Ward into the First, which he will, after September 1st, represent in the Common Council, as the meeting was about to adjourn, arose and thanked the members for the uniform courtesy which had been shown him during the time he has presided over the Aldermen. Messrs. Ogden, Summers, Field and Ballenger replied by referring to the impartial manner in which Mr. Marbury had presided.

NURSES SHOT DOWN.

France Submits Sworn Statement Concerning Cruelty of a German Officer.

Washington, August 29.—France has submitted to the United States and other neutral governments a sworn statement that after an engagement at Moncel, a German officer fired on three Red Cross nurses, killing two and wounding the third.

Marcelle Jouy, a nurse, who was wounded, swore that after the battle on August 15 she was attending the wounded with two other nurses when a German officer opened fire on them from a distance of less than 30 feet. A bullet shattered her arms, she stated, and she fainted. On recovering consciousness she found that her two companions were dead beside her with bullets in their bodies. All three nurses, her statement says, plainly wore the insignia of the Red Cross.

The French government, protesting that the act is in violation of the Geneva convention of 1906, says it exemplifies the savage character of the war

They beat the White Sox here the first of the season by the score of 4 to 1, so the White Sox will use their very best players to try to get an even break with the semi-pro.

The White Sox line up will be as follows;

Nalls, c; Seaton, Bayne or Raisons, p; Peverill, 1b; Beach, 2b. M. Hicks, ss; E. Hayden, 3b. Williams, V. Hicks, A. Hayden and Wenzell, outfielders.

Skin Sufferers—Read!

We want all skin sufferers who have suffered for many years the tortures of disease and who have sought medical aid in vain, to read this.

We, as old established druggists of this community, wish to recommend to you a product that has given many relief and may mean the end of your agony. The product is a mild, simple wash, not a patent medicine concocted of various worthless drugs, but a scientific compound made of well known antiseptic ingredients. It is made by the D.D.D. laboratories of Chicago and is called the D.D.D. Prescription for Eczema.

This is a doctor's special prescription—one that has effected many wonderful cures.

The effect of D. D. D. is to soothe instantly, as soon as applied; then it penetrates the pores, destroys and throws off all disease germs and leaves the skin clean and healthy.

We are so confident of the marvelous power of D. D. D. that we have taken advantage of the manufacturers guarantee, to offer you a full-size bottle on trial. You are to judge the merits of the remedy in your own particular case. If it doesn't help you, it costs you nothing.

D. D. D. Soap is made of the same healing ingredients. Ask us about it.

WAR AS FIERCE AS EVER.

The offer of the United States to do everything in its power toward bringing about an understanding between the nations now at war in Europe has simply been acknowledged by the belgerents and conditions today are as gloomy as ever. It is said that Germany has already lost one hundred thousand men, while the allies have had their ranks thinned at an equally alarming rate.

Many acts of unnecessary cruelty are reported, in one instance Red Cross nurses having been fired upon. Ghouls are robbing the dead, women, it is said, being engaged in this loathsome work. One female was shot for cutting fingers from dead soldiers which contained rings.

In the last book of the sacred canon an angel is described standing in the sun calling upon the birds of the air to come to a great supper, where they are to eat the flesh of kings and the mighty of this world, which are to line battle fields, as well as horses which are to fall in the conflict. It looks as though the world is approaching this gruesome feast.

While the Germans are represented as forging head into France notwithstanding the brave opposition they are meeting it remains to be seen how long either side can stand before the rain of bullets, cannon balls and shells. One side or the other will inevitably be forced to give way.

The war on the sea is the second phase of this terrible human conflict. Five ships belonging to the German empire are now lying at the bottom of the North Sea, having been sunk by British vessels, and what was a few years ago the most luxurious and largest German passenger ship afloat has met a simlar fate on the coast of Africa.

Germany is pressing toward Paris and Russia is gradually making her way to Berlin.

Already the present conflict has assumed proportions far exceeding those of any other war which has occurred on the planet. Turkey seems anxious to enter the ring, while Mahometans are about to take advantage of the disturbed conditions in Europe to make war upon those they term "Christian dogs."

Socialism and anarchy, while lying low, may also attempt to forge ahead under such stormy conditions.

The sea and the waves are truly roaring and men's hearts failing them for fear of those things that are coming upon the earth.

A Central News dispatch from Brindisi, Italy, says that a British destroyer sunk an Austrian destroyer off Corfu after a ten-minute fight. The British torpedoboat destroyer Welland has engaged and sunk the German torpedoboat destroyer S-90, near Chefoo, China.

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work.

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

Tires at Before-War Prices

Goodyear Prices

It is Folly Today to Pay More

30x3	Plain	Tread	$11.70
30x3½	"	"	15.75
34x4	"	"	24.35
36x4½	"	"	35.00
37x5	"	"	41.95

There exists now a new, compelling reason for buying Goodyear tires. It results from War Conditions.

These leading tires—built of extra-fine rubber, in the same way as always—are selling today at June prices.

You will find today a very wide difference between most tire prices and Goodyears.

DUE TO QUICK ACTION.

Early in August—when war began—the worlds rubber markets seemed closed to us. Rubber prices doubled almost over night.

Men could see no way to pay for rubber abroad, and no way to bring it in. We, like others—in that panic—were forced to higher prices. But we have since gone back to prices we charged before the war, and this is how we did it:

We had men in London and Singapore when the war broke out. The larger part of the world's rubber supply comes through there. We cabled them to buy up the pick of the rubber. They bought—before the advance—1,500,000 pounds of the finest rubber there.

Nearly all this is now on the way to us. And it means practically all of the extra-grade rubber obtainable abroad.

Today we have our own men in Colombo, Singapore and Para. Those are the world's chief sources of rubber. So we are pretty well assured of a constant supply, and our pick of the best that's produced.

We were first on the ground. We were quickest in action. As a result, we shall soon have in storage an almost record supply of this extra grade of rubber.

And we paid about June prices.

Now Inferior Grades Cost Double.

About the only crude rubber available now for many makers is inferior. In ordinary times, the best tire makers refuse it. Much of it had been ejected. But that "of rubber" now sells for much more than we paid for the best.

The results are these:

Tire prices in general are far in advance of Goodyears. And many tire makers, short of supplies, will be forced to use second-grade rubber.

BE CAREFUL NOW.

In Goodyears we pledge you the same grade tire as always. And that grade won for Goodyears the top place in Tiredom—the largest sale in the world.

And, for the time being, our prices are the same as before the war. We shall try to keep them there.

We accept no excessive orders but dealers will be kept supplied. And we charge them, until further notice, only ante-bellum prices.

That means that Goodyears—the best tires built—are selling way below other tires.

SEVEN MEN KILLED.

Riot in Mexico Over Repudiation of Treasury and Bank Notes.

Rioting started in Mexico City Wednesday when the populace discovered that the new Carranza government had repudiated the treasury and bank notes put into circulation during the Huerta regime. Troops were called out to restore order, but resentment against the repudiation was so vigorous and widespread that the cabinet promptly withdrew it and instructed the banks to honor Huerta currency.

News of the disturbance, delayed by a rigid censorship over the telegraph wires, reached Washington in confidential advices to the State Department late yesterday. The dispatch said a mob attacked the treasury building before quiet finally was restored.

Dispatches to the Constitutionalist agency in Washington last night reported the assassination of Ramon and Rafael Cabrera, brothers of Louis Cabrera, by members of the old Federal Twenty-ninth Regiment, at Puebla, yesterday. Gen. Huerta formerly commanded this regiment.

Negotiations are about completed for the release of the 1,000 Mexican soldiers and camp followers, who for many months have been interned at Forts Wingate, N. Mex., and Rosecrans, Cal. Provisional President Carranza has guaranteed the safety of refugees, and it is expected that in a few days American soil will be rid of these visitors, whose presence has cost something like $2,500 a day.

The majority of the refugees are former federal soldiers, who, with camp followers, crossed over into Texas after Gen. Villa's decisive victory at Ojinaga.

A TWICE-TOLD TALE

One of Interest to Our Readers

Good news bears repeating, and when it is confirmed after a long lapse of time, even if we hesitated to believe it at first hearing, we feel secure in accepting its truth now. The following experience of an Alexandria man is confirmed after several years.

J. T. Langley, 513 Queen street, Alexandria, says: "I had a bad back and I think the trouble was caused by a strain. I could not stoop and when I got up in the morning, I could hardly move. I noticed sediment in the kidney secretions. The many good reports I heard of Doan's Kidney Pills led me to get a box at Leadbeater & Son's Drug Store. They fixed me up in fine shape. During the past few years since Doan's Kidney Pills cured me of kidney complaint, I have had no trouble. I confirm the praise I have previously given this remedy."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Langley had. Foster-Milburn Co., Props., Buffalo, N. Y.
